

# Annual Halloween Window Painting

Dearest Neighbor,

Our annual Halloween Window Painting date is rapidly approaching. It is important to continue this event as it brings the Baldwinsville Community together and alive with Halloween Spirit. This event relies solely upon the participating businesses. Many of you have allowed your windows to be painted in the past, and we hope you will continue to allow your windows to be turned into original works of art for the period of October 21 – 28.

If you choose to show your Halloween and Community Spirit, please return the attached registration. All of the paint provided by the Lysander Parks and Recreation Department is a washable tempera. Windows will be numbered, and areas of windows not permitted for paint will be taped off on Friday, October 20. Window painting will take place on **Saturday, October 21; 10:00 AM – 1:00 PM**. The individuals registered for painting of the windows will be responsible for leaving your store-front clean and picked-up. On Saturday, October 28 volunteers with help from the Baldwinsville Volunteer Fire Department will wash your windows.

Thank you for your participation and your spirit.

*Kevin Merrill*  
*Director; Lysander Parks and Recreation*
